STATE CLEARINGHOUSE

NEWSLETTER

September 16 through 30, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **September 16 through 30, 2003.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2002

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of September 16 through 30, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Tuesday, September 16, 2003</u>			
2003094001	Yurok Tribe of California Travel Center Bureau of Indian Affairs, Sacramento Area --Del Norte Construct a 3,000 square foot travel center.	EA	10/16/2003
2003094002	Indian Oasis Business Park EA Bureau of Indian Affairs, Sacramento Area Palm Springs--Riverside Develop Service/Manufacturing to conform with zoning.	EA	10/16/2003
1999121111	California State University, Channel Islands Campus Master Plan California State University, Channel Islands Camarillo--Ventura The proposed project is an amendment to the Campus Master Plan for the CSU, Channel Islands Campus. The amendment includes the following categories of actions: land acquisitions; construction of physical facilities; on-campus site plan modifications and development of a Chumash Cultural Center on the east campus.	EIR	10/30/2003
2003031041	The Renaissance Inglewood, City of Inglewood--Los Angeles The proposed project would be located on a 37-acre site south of 90th Street between Carlton Drive and Darby Memorial Park. The project would include approximately 395 single-family residential units, a recreational facility, and a community recreation area to be located within a gated development.	EIR	10/30/2003
2002081004	Yorba Linda High School Project Placentia-Yorba Linda Unified School District Yorba Linda--Orange The District proposes to acquire the project site to construct a new comprehensive high school serving approximately 2,000 students. A portion of the proposed high school site is part of the existing continuing education center, while remaining areas are included in the Tentative Tract No. 16208 of the proposed North Yorba Linda Estates project. The North Yorba Linda Estates project is a primarily residential development involving three tentative tracts (i.e. 16208, 16209 & 16264) totaling 1590.5 acres. Tentative Tract Nos. 16208 and 16209, designated as Site A and B, respectively, are contiguous parcels while Tentative Tract No. 16264, Site C is located north of Via Lomas de Yorba in the Hidden Hills area, approximately eight miles to the east. (Sites A and B are visible on Figure 2, Proposed School Site; Site C is located east of the area shown on the figure).	NOP	10/15/2003
2003071047	Sphere of Influence Update-Municipal Service Review San Luis Obispo County Local Agency Formation Commission --San Luis Obispo The Sphere of Influence (SOI) Update and Municipal Service Review being prepared by the Local Agency Formation Commission (LAFCO) for the Nipomo Community Services District (NCSD) will identify the probable areas where the District will provide public services in the next 20 years. 2003092054	<p>Lincoln Crossing Village Three Middle School Western Placer Unified School District Lincoln--Placer</p> <p>The Project property will be purchased by the Western Placer Unified School District (District) and school facilities will be constructed and operated by the District and contractors hired by the District. The Project site includes the approximately 18-acre parcel on which school facilities are to be developed. An adjacent City Park is proposed consisting of baseball/softball fields, two football/soccer fields, a running track, tennis courts, and parking--approximately 16.3 acres in size. The school will use the playfields proposed in the City of Lincoln Park adjacent to the school through a sharing arrangement. The environmental impacts of the park development are not assessed in this initial study. The Project involves construction of approximately 98,900 square feet of school buildings. Landscaping will be provided near buildings and along the edges of the Project site and turf will be planted between buildings and in areas of the site not designated for buildings or other facilities. Facilities will be constructed on-site and extended to the site, where necessary. Utilities are planned through the Lincoln Crossing Specific Plan. Roadway lighting, security lighting, and other lighting will be installed. No sports lighting is anticipated. Access points from adjacent planned roadways, parking lots, sidewalks, curbs, gutters, and related improvements are included as a part of the school development Project. Approximately 135 parking spaces are proposed and approx. 72 parking spaces will be available for school overflow parking at the City Park proposed adjacent to the school. Facilities will be constructed on-site to connect with sewer lines along nearby streets. Sewer facilities are planned within the context of the Lincoln Crossing Specific Plan and were considered by the Specific Plan EIR. Storm drainage facilities will be constructed on the Project site to collect and transport runoff associated with the development of this and nearby sites. Stormwater collection and retention facilities are designed at the Specific Plan Area level. The Project will accommodate any portion of the Plan Area stormwater facilities planned to be included on-site. The school will operate on the standard 10-month schedule from approximately mid-August until late May or early June. The school will have primary operating hours between approximately 8:00 A.M. and 3:30 P.M. Estimated enrollment is 600 with approximately 60 employees.</p>	Neg	10/16/2003

2003022139	<p>North and South McCloud Annexation (McCloud Community Service District Sphere of Influence Amendment and Reorganization) (LAF-02-03) Siskiyou County Planning Department --Siskiyou</p> <p>The McCloud Community Services District proposes a Sphere of Influence Amendment and Annexation of seven parcels, totaling 104.51 acres, into the District boundaries. The proposal would also involve a detachment from County Service Area No. 4. The annexation of these properties is intended to improve the provision of municipal services to the areas proposed for annexation and to reduce the number of existing out-of-district or agency service agreements. The project would facilitate development by providing municipal services (sewer and water) to a concurrently proposed Zone Change (Z-01-08) and Tentative Subdivision Map (TSM-01-01), that involves four adjacent parcels (referred to as "the Carpenter properties") along Haul Road, totaling 46.5 acres.</p>	NOD	
2003041011	<p>Thompson Mixed-Use Project Santa Paula, City of Santa Paula--Ventura</p> <p>The proposed mixed-use project involves construction of four two-story buildings totaling 24,486 square feet on a 1.02-acre parcel within a redevelopment area of the City. The project would provide approximately 4,900 square feet of retail/commercial development and 28 residential apartment units. The project will be developed in two phases. Phase 1 would involve development on the currently vacant portion (the western half) of the project site, adjacent to the existing gas station. Phase 2 would be developed on the eastern portion after Phase 1 is completed and after the gas station facility is demolished. Both phases of the project would involve the same amount of development, or 50% of the overall development planned for in the project. As part of the entitlement process, the project requires a zone change from C-2 General Commercial, to C-2 PD, General Commercial Planned Development. Other City-approvals needed for the project include Design Review, a Conditional Use Permit (CUP), a Tentative Parcel Map, and a Growth Management Allocation. The project requires review by the City's Planning Commission who will make a recommendation to the City Council.</p>	NOD	
2003041073	<p>Amendments to Merged Central Business District/West End Redevelopment Project Azusa, City of Azusa--Los Angeles</p> <p>To continue to meet the goal and objectives for the Merged Project Area and to pursue new economic development in all areas of the City, the Redevelopment Agency needs to add additional territory to the existing Central Business District Redevelopment Project and to reinstate domain authority over certain parcels that are already part of the existing project area.</p>	NOD

2003091114	Well 43 Development Project Clovis, City of Clovis--Fresno The project includes a new wter well site and pumping station to be located at the southwest corner of the Clovis Rodeo Grounds. This well site will provide groundwater for domestic use. After all construction, the site may be expected to include various pieces of associated equipment and machinery, a 6 foot wall or fence, and landscape screening for aesthetic purposes	Neg	10/22/2003
2003092075	Coyote Ridge (EIAQ-3733) Placer County Planning Department Auburn--Placer Subdivision of 104 acres into 12 - 4.6 acre lots (55.2 acres), 44.3 acres of open space, and 5 acres of road rights-of-ways.	Neg	10/22/2003
2003092077	Ukiah Airport Improvement Project (AIP#3-0268-63-06-0268-7) Ukiah, City of Ukiah--Mendocino The project includes minor improvements to storm drainage, fencing, emergency equipment and operations vehicle access, and airplane circulation. Existing storm drain pipe, drain inlets, and asphalt concrete failures within the transient operations ramp will be replaced. An existing drainage ditch which runs parallel to the north taxiway will have a storm drain system constructed in order to enclose the ditch which will provide safer access to the north taxiway. A 36,000 square foot asphalt concrete paved surface will be installed adjacent to the north taxiway to accommodate daily cargo and courier operations and to allow for the interim use of overflow aircraft parking. Portions of the perimeter fence will be inspected and replaced. The north and east portions of the runway perimeter access road will be paved with asphalt concrete to provide all weather access for operational and emergency equipment. An airplane run-up area, a 10,000 sq ft asphalt concrete paved area adjacent to the runway's access road just south of the airport mid point, will be constructed to reduce noise impacts at nearby residences.	Neg	10/22/2003
2003091115	Planning Cases P03-0424 and P03-0866 Riverside, Planning Department, City of Riverside--Riverside The applicant is proposing a lot line adjustment to reconfigure the lot lines between four existing parcels resulting in three-5 acre lots and one-1 acre lot in the RC-Residential Conservation Zone. Parcel A is already developed with a single family residence. This project will facilitate 3 additional residences. As well, since the existing average natural slope of the subject property is approximately 37%, environmental review of grading is also part of this project.	Oth	10/22/2003
2002101129	The First Tee Project Seaside, City of Seaside--Monterey The proposed project is the development of an 18-hole executive length golf course with associated administrative offices and training facilities specifically designed to facilitate local youth golf training and education programs. 2003051114	Former Redlands II Manufactured Gas Plant Site Toxic Substances Control, Department of Redlands--San Bernardino The Department of Toxic Substance Control (DTSC) has received a Draft Removal Action Workplan (RAW) in accordance with the Voluntary Cleanup Agreement, Docket No. HAS-A 02/03-004, for remedial activities to be conducted at the Former Redlands II MGP. The project involves remediation of contaminated soils in accordance with the methods and procedures presented in the draft RAW, prepared by ENV America (2002).	NOD	
2003072073	McClellan Park (Z01-025/Q059) Sacramento, City of Sacramento--Sacramento The project includes the following entitlement: Zoning Administrator Plan Review to develop a parking, storage, and distribution area for vehicles on 18.5+/- vacant acres. A majority of the site will be paved with asphaltic concrete, with a cul-de-sac at Santa Ana Avenue for the primary access, and perimeter cyclone fence. The project includes landscaping at the entrance to the site and a "no-construction" buffer area of 200 foot buffer for Magpie Creek.	NOD	
2003072141	Remedial Action Plan for Pyrolytic Oil and Metals Affected Soil at the Tracy Tire Fire Site Toxic Substances Control, Department of Tracy--San Joaquin The project described herein ("the project") has been proposed to remediate contaminants present at the Tracy Tire Fire Site ("the Site") as a result of the tire fire. An Initial Study has been prepared to evaluate the potential for impacts to the Site due to remediation activities. A Draft Remedial Action Plan (RAP) has been prepared as an interim remedial measure to remove the majority of Class I California non-Resource Conservation and Recovery Act (non-RCRA) hazardous waste and Class II designated waste identified at the Site.	NOD	
2003098388	YMCA Bank Protection Fish and Game Santa Barbara Santa Barbara--Santa Barbara Restoration of 45 linear feet of eroded bank with rock, dirt fill and native vegetation.	NOE

2003032131	Lone Tree Way Undercrossing Brentwood, City of --Contra Costa The proposed project involves the construction of a railroad undercrossing at the intersection of Lone Tree Way and Union Pacific Railroad and the expansion of Lone Tree Way from a 2-lane road to a 6-lane road.	EIR	11/12/2003
2002071077	Wildcat Canyon Road Enhancement Project (WA #UJ1693) San Diego County Department of Public Works --San Diego The proposed action consists of widening Wildcat Canyon Road beginning at 1,800 feet north of Muth Valley Road and end at a point 900 feet north of Blue Sky Ranch Road, an approximate distance of one mile, to accommodate two northbound travel lanes, creating a passing lane. At Blue Sky Ranch Road, Wildcat Canyon Road will be lowered in elevation in areas where the sight distance is less than standard. Additionally, the entrance to Oak Oasis Open Space Preserve will be reconfigured to line up with Blue Sky Ranch Road. Other project components include creation of a wildlife crossing/equestrian tunnel north of Blue Sky Ranch Road; Improvements to the existing recreational parking area east of Wildcat Canyon Road at Blue Sky Ranch Road; Installation of three roadway turnouts (two northbound and one southbound); Installation of a right-turn lane located on southbound Wildcat Canyon Road and a left-turn lane located on northbound Wildcat Canyon Road at the intersection of Muth Valley Road and Wildcat Canyon Road; and intersection improvements at the Wildcat Canyon Road, Willow Road, and Ashwood Street as well as realigning Wildcat Canyon Road north of the intersection to improve sight distance. Partial vacation of two existing open space easements will be required.	FIN	
2003071188	Elsworth Street 30-inch Water Transmission Pipeline Eastern Municipal Water District Moreno Valley--Riverside Installation of approximately 8,600 feet of 30-inch water transmission pipeline.	FIN

2003091137	Beyer Boulevard Affordable Housing San Diego, City of San Diego--San Diego Beyer Boulevard Affordable Housing: Site development permit (SDP), rezone, community plan amendment (CPA), planned development permit (PDP), & request for release of HOME funds in an amount not to exceed \$2.998,000 from federal FY 2001 in order to construct a 60 unit multi-family residential affordable housing development with accessory facilities on a 2.5 acre site. The new construction would consist of five three-story buildings, 12-unit, affordable residential buildings, 1 recreation building & 1 laundry	JD	10/28/2003
2003092098	Broadview Water Contract Assignment Project Pajaro Valley Water Management Agency Firebaugh--Santa Cruz, Fresno, Monterey, San Benito PVWMA is proposing to purchase, on a willing-seller/willing buyer basis, approximately 9,100 acres of lands within the Broadview Water District (BWD). The purpose of purchasing this lands is for PVWMA to seek permanent assignment to PVWMA of BWD's CVP water service contract for up to 27,000 af/yr of CVP water supply associated with these lands. Assignment of BWD's CVP water service contract to PVWMA will provide PVWMA with the ability to meet its water management needs in the PVWMA service area by bringing existing and projected basin water demand and supply into balance and alleviate the seawater intrusion.	NOP	10/28/2003
2003092099	Wastewater Treatment Plan Storage Facility Vallejo Sanitation and Flood Control District Vallejo--Solano The District is proposing to construct and operate a new storage facility approximately 8.6 million gallons in capacity in order to prevent unauthorized overflows and discharges by August 2006. The Proposed Project would consist of an approximately open storage basin located immediately south of the existing Ryder Street WWTP and referred to as the Ryder Street property. The new storage facility will be primarily operated in the winter and serve as a back-up facility to existing operations during heavy wet-weather events to prevent unauthorized discharges.	NOP	10/28/2003
2003092101	Basalt Canyon Pipeline Geothermal Project Mono County --Mono Mammoth-Pacific, L.P. (MPLP), proposes to conduct, operate and maintain the Basalt Canyon Geothermal Pipeline Project on portions of Federal Geothermal Leases CA-11667 and CA-14408, located within the Inyo National Forest. The purpose of the project is to develop and produce up to a maximum of 4,000 gpm of geothermal fluid from these two federal geothermal leases and deliver this geothermal fluid to the existing MPLP power plants. The project would consist of the construction and operation of up to 1.8 miles of nominal 16-inch diameter insulated, welded steel pipe, which would be constructed above ground on low piers and underground where necessary to cross under existing Forest Service roads and U.S. Highway 395. The pipeline would originate from the two geothermal wells which have been or will be drilled, completed and tested from two of five well sites previously approved as part of the Basalt Canyon Geothermal Exploration Project. 2003091138	<p>Bridge Street Project (Tract 2560) ER 64-03 San Luis Obispo, City of San Luis Obispo--San Luis Obispo General Amedment, Rezone and Planned Development to accommodate a 22-lot residential subdivision and associated improvements. Part of the General Plan Amendment would modify the location of the development limit line from the 175-foot contour up to the 195-foot countour at the base of the South Street Hills. The existing General Plan Map designates the majority of the site as Conservation/Open Space while the remainder of the property, which is more level and where development is proposed, is designated Manufacturing. The Zoning Map is not entirely consistent with the General Plan Map showing the entire property as Conservation/Open Space. The amendment will designate 2.67 acres as Medium-Density Residential, with 9,839 square feet remaining in Manufacturing adjacent to Bridge Street and 5.06 acres on the hillside remaining in Conservation/Open Space.</p> <p>The proposed project is an affordable and sustainable housing project incorporating innovative "green" building practices. The proposed residences will incorporate a steel structure with a ecologically sensitive wall system. The residences propose to utilize solar energy as a supplemental power source in addition to being linked to the power grid.</p>	Neg	10/28/2003

2003072097	<p>The Shannon Miranda Miranda's Rescue Coastal Development/Conditional Use/Variance/Notice of Merger (CDP-02-21/CUP-02-09/VAR-02-09/VAR-02-03/NOM-02-23) Humboldt County Fortuna--Humboldt</p> <p>Coastal Development and Conditional Use Permits are required for the operation of a domestic "companion" animal rescue facility. Miranda's Rescue has been operating for several years in two locations without the benefit of County review; this project seeks to remedy this current violation. The applicant proposes to house a maximum of 60 dogs and 100 cats in a fenced area encompassing four (4) separate parcels. Three (3) of the four (4) parcels will be merged as part of this project. The entire fenced area will be 28,800 sf in size. There is currently a 960 sf. modular office unit on site. The applicant proposes to build a 6,880 sf completely enclosed, metal kennel building for the dogs. The cats will continue to inhabit their existing 2,025 sf "cat condo" and their +/- 1,900 sf "run". Lastly, there is an approximately 700 sf puppy area. Most of the remainder is for parking and the designated dog run. Also included in this application in the Rescue's annual benefit which includes parking for +/- 100 vehicles on the SW portion of APN-04. The parcels are developed with on-site sewage disposal for the animal waste and a well which is located on an adjacent parcel, 201-191-02. Access is off Drake Hill Rd, from southbound Highway 101. Also included in this project is a Variance from the development standards of the zone; ie, setbacks.</p>	NOD
